SUMMARY

Innovative Web Developer with 2 years of experience in website design . Demonstrated talent for UX designs, front and back-end web development to optimize online presence. Seasoned expert in languages such as HTML, CSS and as well as scripting languages , Program a server (like using PHP, Python, or Node) Program a database (like using SQL, SQLite, or MongoDB) and JavaScript.

I completed Software Testing Masterclass(2021) from Udemy with core skills PostMan for Restful API testing ,IOS & Android Mobile app testing,JIRA,TestRail,Agile/Scrum and working as a freelance Junior Software Tester.

As a Front-End Developer, I want to play an important role in the design process by bringing prototypes to life and providing feedback on the designs. In achieving this I am doing industry certified UX design advance courses from Interaction Design Foundation.
